Dear Secretary-General,

I am pleased to confirm that NMS Infrastructure Limited (NMSI) supports the Ten Principles of the UN Global Compact (UNGC) on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UNGC and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations (UN), particularly the Sustainable Development Goals (SDGs). NMSI will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the UNGC is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UNGC, and annually thereafter according to the UNGC CoP policy. This includes:

- A statement, signed by the chief executive, expressing continued support for the UNGC and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UNGC.
- The completion of the online questionnaire of the CoP through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to UN goals, particularly the SDGs.

Yours sincerely
