Dear Secretary-General,

I am pleased to confirm that **Advanced Petrochemical Company (Advanced)** supports the 'Ten Principles' of the United Nations Global Compact on human rights, labour, environment and anti-corruption, in line with the respective laws and regulations of the Kingdom of Saudi Arabia.

With this communication, Advanced Company expresses its intent to integrate the 'Ten Principles' as part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative initiatives within our capabilities which should advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Advanced Company will make a clear statement of this commitment to the stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the 'Ten Principles'. We support public accountability and transparency, and accordingly will commence our annual CoP, in accordance with the UN Global Compact CoP policy, within one year of joining the UN Global Compact. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Fahad S. Al Matrafi
