Dear Mr. Secretary General,

I am pleased to confirm that **Princess Sumaya University for Technology** supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact in advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

1. Promote the UN Global Compact Ten Principles, raising awareness and educating a variety of audiences about sustainability. Thereby, engaging with the global sustainable growth and development dialogue.
2. Support UN Global Compact by reporting on sustainability efforts, especially around SDG 4 Quality Education, SDG 5 Gender Equality, SDG 10 Reduce Inequality, and SDG17 Partnership for the Goals. Thereby, contributing toward real, transformational, and sustainable change.
3. Bring together education, research, and practice - by means of thought leadership, which develops sustainable answers and solutions to some of the most pressing issues facing the world today.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Prof. Wejdan Abu Elhaija
Acting President
