

20 September 2022

H.E. António Guterres
Secretary-General
United Nations
New York, NY 10017
USA

Dear Mr. Secretary General,

I am pleased to confirm that Museon-Omniversum supports The Ten Principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. With this commitment, we express our intent to support the Global Compact in advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- Museon-Omniversum in The Hague is a museum for culture and science. Visitors are inspired to discover the world and treat it with respect. In the One Planet Expo you will learn in a fun way what you can do yourself to keep our planet livable. It is an experience, which explains in an interactive way to our visitors (families, schools and professionals) the 17 Sustainable Development Goals and what developments are relevant to them.
- The One Planet exhibition was opened in October 2016 by former Secretary-General of the United Nations, Ban Ki-moon.
- Since April 2022 we present, apart from this Expo, One Planet NOW (living lab for sustainable development innovations and alternatives) and One Planet Dome (our large-screen film theatre with documentaries on our planet earth). A red line in all our programmes are the 17 Sustainable Development Goals, which are closely linked with The Ten Principles.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Peter de Haan
