## Letter of Commitment to UN Global Compact

Dear Secretary-General,

I would like to confirm that **Sustainable Change v. Ditte Deigaard** supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication I express my commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of my company, and to engage in collaborative projects, which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

**Sustainable Change v. Ditte Deigaard** will make a clear statement of this commitment to our stakeholders and the general public.

I recognize that a key requirement for participation in the UN Global Compact is the annual submission to a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. I support the public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This work will include a renewal of my ongoing commitment to the Ten Principles and the completion of the CoP questionnaire to disclose my continuous efforts to integrate the Ten Principles into our strategy, partnerships and daily operations, and our efforts to support and contribute to the United Nations Goals with a particular emphasis on the Sustainable Development Goals.

Sincerely yours,

Ditte Deigaard
