Dear Mr. Secretary General,

I am pleased to confirm that İstanbul Textile and Raw Material Exporters Association (ITHIB) supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): encourage our members to join the UN Global Compact; organize learning and dialogue events, workshops and training for our members on the UN Global Compact and specific topics relevant to corporate sustainability; and engage your members in collective action and partnership efforts on key UN goals and issues in collaboration with the UN Global Compact.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Ahmet ÖKSÜZ
President of ITHIB
