Your Excellency,

On behalf of the national carrier of Malaysia, the Malaysia Aviation Group (“MAG”), I am pleased to convey our support to the Ten Principles of the United Nations Global Compact on human rights, labour, environment, and anti-corruption. With this letter, we express our commitment to taking the UN Global Compact and its principles part of our company’s strategy, culture, and day-to-day operations, and to engaging in collaborative projects that advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. MAG will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company’s efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to reporting our progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company’s continuous efforts to integrate the Ten Principles into our business strategy, culture, and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

With these commitments, we look forward to making positive impact for MAG and all that we work with, for a Sustainable Tomorrow.

Thank you.

Yours Sincerely,

IZHAM ISMAIL
