## Letter of Commitment

Dear Secretary-General,

I am pleased to confirm that Oterra supports the Ten Principles of the United Nations Global Compact (UNGC) on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UNGC and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Oterra will make a clear statement of this commitment to our stakeholders and the general public. We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UNGC and renewing our ongoing commitment to the initiative and its principles, separate from this initial letter of commitment to join the UNGC.
- The completion of the online questionnaire of the CoP through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Yours sincerely,

A handwritten signature in black ink, consisting of a stylized 'O' followed by a series of loops and a long horizontal stroke extending to the right.
