Dear Secretary-General,

I am pleased to confirm that TRUEGRID Australia Pty Ltd supports the 10 principles of the United Nations Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day to day operations of our company, and to engage in collaborative projects which advance the broader development goals of the United Nations, and in particular the Sustainable Development Goals.

TRUEGRID Australia will make a clear statement of this commitment to our stakeholders, staff and the general public.

TRUEGRID recognizes that a key requirement for participation in the UN Global Compact is the annual submission that describes our efforts to implement the Ten Principles.

We support public accountability and transparency and commit to the annual submission of a Communication on Progress (CoP) commencing one calendar year after joining the UN Global compact and annually thereafter in accordance with the UN Global Compact CoP Policy. This includes:

- A statement signed by the Chief Executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principals.
- The completion of online questionnaire of the CoP through which we will disclose the efforts made by TRUEGRID to integrate the Ten Principles into our business strategy, culture and daily operations, continuing our contribution to the goals of the United Nations and in particular the goals for Sustainable Development.

Regards

Philip Goodman
