H.E. António Guterres

Secretary-General

United Nations

New York, NY 10017 USA

Dear Secretary-General,

I am pleased to confirm that Biocon Biologics Limited supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. Our parent company, Biocon Limited, and one of our material subsidiaries, Biocon Sdn. Bhd, are existing participants of the UNGC.

With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Biocon Biologics Limited will make a clear statement of this commitment to our stakeholders and the general public along with our parent company.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and *annually* thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from this initial letter of commitment to rejoin the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Shreehas Tambe

CEO and Managing Director

Biocon Biologics Limited
