Dear Mr. Secretary General,

20.12.2022

I am pleased to confirm that Erhvervshus Sjælland supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- Implement sustainability and UN Global Compact and its Ten Principles in our business strategy.
- Offer unbiased guidance to small and medium sized companies in Region Zealand about sustainability – including the opportunities in supporting UN Global Compact and its Ten Principles.
- Educate and promote sustainability and UN Global Compact and its Ten Principles internally at Erhvervshus Sjælland. And communicate our achievements.
- Participate in networks and activities to further broaden our horizon within sustainability, learn from 'the best' and give us inspiration to further initiatives.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Mads Vaczy Kragh
Director
