Dear Mr. Secretary-General,

I am pleased to confirm that Global Strategy Network LTD supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment, and anti-corruption. With this communication, we reaffirm our interest to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture, and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. The Global Strategy Network will make a clear statement of this commitment to our stakeholders and the general public.

On December 2020, The Global Strategy Network LTD. Was de-listed from the UN Global Compact as per our own withdrawal request. During this period, as a company that has less than 15 permanent staff, The Global Strategy Network kept on following its regular policies and procedures that aligns with 10 Principles of UN Global Compact. However, due to the limited staff and capacity we have, we were not able to nominate a person to follow up and improve our abilities and commitment to the UN Global Compact we are whole-heartedly stand behind.

Within the time passed by since our withdrawal request, we improved ourselves in terms of our abilities and while we are still a small company, we are in a better position to assign a person to work on our progress and policies to better accommodate the 10 Principles. As The Global Strategy Network, we are willing to recommit to the UN Global Compact and do our best to be a part of UN Global Compact's goal to shape a sustainable future.

We recognise that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. As a part of our recommitment process, we will submit a valid Communication of Progress to show our plans for the upcoming phase in our company, and annually thereafter according to the UN Global Compact COP policy.

Sincerely yours,
