Dear Secretary-General,

I am happy to confirm that Flipside Corporation ME LLC is in agreement with the Ten Principles of the United Nations Global Compact regarding human rights, labor, environment, and anti-corruption. Through this correspondence, we express our dedication to integrating the UN Global Compact and its principles into our company's strategy, culture, and day-to-day operations. We are also committed to participating in collaborative projects that advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. We will make a clear statement of this commitment to our stakeholders and the public.

We understand that one of the key requirements for participating in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that outlines our company's efforts to implement the Ten Principles. We support public accountability and transparency, and thus pledge to report our progress annually, starting in the calendar year after joining the UN Global Compact, and in accordance with the UN Global Compact CoP policy. This will involve submitting a statement signed by our CEO expressing our continued support for the UN Global Compact and its principles, as well as completing an online questionnaire that discloses our ongoing efforts to integrate the Ten Principles into our business strategy, culture, and daily operations, and contribute to the United Nations' goals, particularly the Sustainable Development Goals.

Sincerely yours,

FLIPSIDE
