H.E. António Guterres  
Secretary-General  
United Nations  
New York, NY 10017

Dear Secretary General,

I am pleased to confirm that Mari Petroleum Company Limited (MPCL) supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption. I take this opportunity to express our commitment towards UN Global Compact and its principles to integrate these in our company's strategy, culture, and business operations. We tend to engage with potential stakeholders to work in collaborative projects, which ensure constructive contribution towards achieving the Sustainable Development Goals of United Nations. Mari Petroleum Company Limited will make a clear statement of this commitment to our stakeholders and public. It is pertinent to mention that MPCL adopts a comprehensive socio-economic and sustainable approach towards the inclusive development of the communities we operate in.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting from the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP Policy. This includes:

- A statement signed by the Chief Executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our Business Strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely Yours

**Faheem Haider**
