Dear Mr. Secretary General,

I am pleased to confirm that BI Norwegian Business School supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we express our intent to support the Global Compact in advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- Conduct applied research and thought leadership to advance best practices.
- Promote the UN Global Compact Ten Principles and educate a variety of audiences about sustainability.
- Engage with UN Global Compact business participants in promoting sustainable development in Norway and abroad.
- Collaborate with the leadership of the Norwegian Global Compact Local Network to promote the Ten Principles.
- Maintain membership in PRME (2016) and continue to engage and contribute to the PRME Nordic Chapter.

BI Norwegian Business School recognizes that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Kind regards,

Karen Spens
President
BI Norwegian Business School
