Dear Secretary-General,

I am pleased to confirm that MONEYME supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. These Principles align with our own values:

We challenge – We dare to question, we aim higher, and we fight for better.

We move fast – We are here to save time, we drive change, and we move in the same direction.

We have heart – We are bold, we lead with purpose, we are passionate about our people and our planet.

MONEYME's Constitution states that the purpose of the business is to deliver returns to our shareholders, whilst having an overall positive impact on society and the environment. Being a sustainable and ethical business is intrinsic to who we are at MONEYME, and we approach Environmental, Social, and Governance (ESG) matters with a genuine desire to create change and ensure we have positive impact on the world.

With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. MONEYME will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Mr. Clayton Howes
Managing Director and Chief Executive Officer
