Dear Secretary General,

On behalf of Explotaciones Intur S.L. (Exintursa), a family-owned business that has been providing exceptional service since 1968, I am pleased to express our support for the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. Our commitment to these principles is a testament to our dedication to responsible corporate citizenship and sustainable business practices.

Exintursa is passionate about providing the highest level of service and hospitality to our customers while making a positive impact on society and the environment. We believe that supporting the UN Global Compact is a crucial step towards achieving this goal. Our company's values and goals align with those of the Global Compact, and we are proud to express our intent to support the Compact in advancing these principles.

As part of our commitment to the UN Global Compact, we pledge to participate in and engage with the initiative in ways that align with our organization's values and goals. We will incur appropriate engagement options, taking into account our business and sustainability objectives, and make a clear statement of our commitment to our stakeholders and the general public.

We recognize that participation in the Global Compact requires the submission of a Communication on Engagement (COE), which describes our organization's efforts to support the implementation of the ten principles and engage with the Global Compact. We are committed to public accountability and transparency and therefore commit to reporting on our progress within two years of joining the Global Compact and every two years thereafter, in accordance with the Global Compact COE policy.

At Exintursa, we are dedicated to creating a better future for everyone. Our commitment to the UN Global Compact reflects our unwavering dedication to responsible business practices and sustainable development. We believe that by working together, we can create a more equitable and sustainable world for future generations.

Thank you for your attention to this matter.

Sincerely yours,

Leticia Ortega
