Dear Secretary-General,

I am pleased to confirm that Flavorcan Internal Inc. supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption.

With this communication, we express our commitment to making the UN Global Compact and its principles part of our company's strategy, culture, and day-to-day operations and engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

Flavorcan Internal Inc. will clearly state this commitment to our stakeholders and the general public.

We recognize that a critical requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency and commit to reporting progress starting the calendar year after joining the UN Global Compact and annually after that according to the UN Global Compact CoP policy.

This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial commitment letter to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture, and daily operations and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

**Brad Gorassi**  
President
