New York, NY 10017

Dear Mr. Secretary-General,

I am pleased to confirm that New Leaf (SZ) Precision Manufacturing Co., Ltd. supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. New Leaf (SZ) Precision Manufacturing Co., Ltd. will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the UN Global Compact, and *annually* thereafter according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the sustainable Development Goals.

New Leaf (SZ) Precision Mfg. Co., Ltd. is asking to re-participate United Nations Global Compact as it was delisted last time due to the change of the main management personnel of company and not handover the relevant information and contact information of the Global Compact to the new successor and so not submitting CoP on time.

Sincerely yours,

Arnaldo Paulo Che
Managing Director
