Dear Secretary-General,

Lucid Group, Inc. is a technology and automotive company that is setting new standards with its advanced luxury electric vehicles. Our mission is to inspire the adoption of sustainable energy by creating advanced technologies and the most captivating luxury electric vehicles centered around the human experience.

I am pleased to confirm that Lucid Group, Inc. supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption. With this communication, we express our commitment to take action in support of the Sustainable Development Goals and the UN Global Compact and its principles. We will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This will include:

- A statement signed by the Chief Executive Officer expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to take action in support of the Ten Principles of the United Nations Global Compact, particularly the Sustainable Development Goals.

We are proud to join this global movement of sustainable companies and stakeholders, and we look forward to working together to do our part in achieving a better world.

With kind regards,

Peter Rawlinson
Chief Executive Officer and Chief Technology Officer
Lucid Motors
