Dear Secretary-General,

LETTER OF COMMITMENT

I am pleased to confirm that FHK Consulting Limited (FHK) supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment, and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of our company's strategy, culture, and day-to-day operations and engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. FHK will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency and therefore commit to report on progress starting the calendar year after

joining the UN Global Compact and annually thereafter, according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The online questionnaire of the Communication on Progress is completed through which we will disclose our company's continuous efforts to integrate the Ten
