Dear Secretary-General,

I am pleased to confirm that Salterbaxter (Australia) supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this letter, Salterbaxter (Australia) expresses our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our organisation, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals, in line with the existing Salterbaxter (global) commitments. Salterbaxter Australia will make a statement of our commitment to our stakeholders and the public.

Salterbaxter Australia supports public accountability and transparency. We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes efforts to implement the Ten Principles. Salterbaxter (global) will continue to submit a Communication on Progress (CoP), as it has throughout its membership, since 2007. Salterbaxter Australia will support the completion of the Salterbaxter's global CoP, providing information, via Salterbaxter (global), about how we integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Skye Lambley
CEO
