Application for Global Compact

Mönchengladbach, June 30th, 2023

Dear Secretary-General,

I am pleased to confirm that LWT GmbH supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture, and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

LWT GmbH already clearly stated our commitment to saving energy to our stakeholders and the general public. Our claim is "For A Better Climate" to symbolize that our product "Airwalls" saves energy by separating air with air. It keeps warm air in buildings when it is cold and vice versa. Hence Airwalls save energy otherwise used for heating or cooling and establish a constant room climate which in turn is a requirement for good working temperature. We are convinced that we must support this claim by appropriate activities and chose UN Global Compact to do so.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by me, the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.

- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture, and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

A handwritten signature in black ink, reading 'J. Stäudtner'.
