Dear Secretary-General,

I am pleased to confirm that **Naya Excellence Group** supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Naya Excellence Group will make a clear statement of this commitment to our stakeholders and the general public.

"We acknowledge that our failure to submit the Communication on Progress was a result of internal challenges that led to a breakdown in our reporting process. Due to unforeseen circumstances, we encountered delays in gathering the necessary data and preparing the report in a timely manner. We deeply regret this occurrence and understand the importance of regular communication and transparency. Since then, we have undertaken a thorough review of our internal procedures and implemented measures to ensure effective monitoring and reporting of our progress in line with the UN Global Compact's requirements. We are fully committed to maintaining open lines of communication and fulfilling our reporting obligations moving forward."

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Mr. Emad Mohammad Saad
Chief Executive
