Dear Mr. Secretary General,

I am pleased to confirm that UNA-USA PR Chapter Inc. supports the ten principles of the UN Global Compact (UNGC) with respect to human rights, labor, environment and anti-corruption.

With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UNGC in the following ways:

1. Promote the UNGC among local business and non-business stakeholders.
2. Collaborate with UNGC Networks to coordinate local workshops with pertinent case studies from our archipelago, on joining UNGC and submitting a Communication on Progress (COP) or Communication on Engagement (COE).
3. Support UNGC business and non-business participants as they implement and report on their sustainability efforts.

We recognize that a key requirement for participation in the UNGC is the submission of a COE that describes our organization's efforts to support the implementation of the ten principles and engagement with the Global Compact.

We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Cordially,
