**United Nations Global Compact's Communication on Progress – Letter of Commitment**

Dear Mr. Secretary-General,

I am pleased to confirm that Lenovo Group Limited (Lenovo) supports the Ten Principles of the United Nations Global Compact (UNGC) on human rights, labor, environment and anti-corruption. With this communication, we express our commitment to advancing those principles within our sphere of influence and to incorporate the UNGC and its principles into the strategy, culture and day-to-day operations of our company. We also confirm our wish to engage in collaborative projects which advance the broader development goals of the United Nations, including the Sustainable Development Goals. Lenovo will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UNGC is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to support the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress according to the UNGC CoP policy.

Sincerely,
