H.E. António Guterres  
Secretary-General  
United Nations  
New York, NY 10017

Dear Secretary-General,

I am pleased to confirm that S-One supports the Ten Principles of the United Nations Global Compact concerning human rights, labor, environment, and anti-corruption. Through this communication, we emphasize our commitment to incorporating the UN Global Compact and its principles into our company's strategy, culture, and day-to-day operations. Furthermore, we commit to participating in collaborative initiatives that advance the United Nations' broader development objectives, specifically the Sustainable Development Goals. S-One will clearly communicate this commitment to our stakeholders and the general public.

We acknowledge that one of the essential requirements for engaging in the UN Global Compact is the annual submission of a Communication on Progress (CoP). This report outlines our company's efforts to implement the Ten Principles. As proponents of public accountability and transparency, we commit to provide updates on our progress, starting from the calendar year subsequent to joining the UN Global Compact, and annually thereafter, in accordance with the UN Global Compact CoP policy. Our report will include:

- A statement signed by our chief executive reaffirming our unwavering support for the UN Global Compact and renewing our ongoing dedication to the initiative and its principles. This statement is distinct from our initial letter of commitment to join the UN Global Compact.
- Completion of the online questionnaire for the Communication on Progress. Through this questionnaire, we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture, daily operations, and our contributions towards the United Nations' goals, particularly the Sustainable Development Goals.

Thank you for your attention and we look forward to working collaboratively towards a sustainable and inclusive future.

Sincerely yours,
