Dear Secretary-General,

I am pleased to confirm that Environstruct Solutions Limited supports the Ten principles of the United Nations Global compact in human rights, labour, environment and anti-corruption. With this communication we express our commitment to making the UN Global compact and its principles part of the strategy, culture and day-to-day operations of our company and to be engaging in collaborating projects which advance the broader development goals of the United Nations, particularly the sustainable development goals. Environstruct Solutions will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global compact is thy annual submission of the communication of progress (COP) that describe our company's effort to implement the ten principles.

We support public accountability and transparency and therefore commit to report on progress starting the calendar year after joining the UN Global compact and annually thereafter according to the UN Global compact COP policy. This includes.

A state signed by the chief executive expressing continued support for the UN Global compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global compact.

The completion of the online questionnaire of the communication on progress through which we will disclose our company's continuous efforts to integrate the ten principles into our business strategy, culture and daily operations and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely Yours

**Sunday Tirimisiu.**
