Dear Secretary-General,

I am pleased to confirm that Sirti SpA Group (Sirti Telco Infrastructures SpA, Sirti Digital Solutions SpA), as explained in The Sustainability Report 2022, supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption.

Our strategy, culture and day-to-day operations already includes our commitment to making the UN Global Compact Goals.

We are available to be engaged in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Sirti Group has already made a clear statement of this commitment to our stakeholders and the general public with the publications of the Sustainability Report.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We would like to increase our public accountability and transparency, and therefore commit to report on progress joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy.

This includes:

- A statement signed by the Chief Executive Officer expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Laura Cioli
CEO SIRTl SpA
