Dear Mr. Secretary-General,

I am writing on behalf of Charitable Organization "Charitable Foundation "MHP-Gromadi" to confirm our unwavering commitment to the principles outlined by the UN Global Compact.

Charitable Organization "Charitable Foundation "MHP-Gromadi" wholeheartedly endorses the Ten Principles of the UN Global Compact, encompassing human rights, labor, environment, and anti-corruption. We believe in the critical importance of these principles as the foundation for ethical and sustainable operations practices. This commitment reflects our dedication to contributing positively to the global community and aligns with our values as an organization.

We are eager to actively engage with the UN Global Compact in its initiatives to the extent feasible within our capabilities and resources. We recognize that collective action is essential in addressing global challenges, and we are committed to playing our part.

In compliance with the Global Compact's guidelines, we commit to submitting a Communication on Engagement (COE) within two years from our date of joining and subsequently every two years thereafter. This COE will serve as a transparent account of our ongoing efforts to uphold the principles and actively collaborate with the Global Compact.

Enclosed, please find the scanned PDF version of this Letter of Commitment, duly signed by our Chairman of the Board, Yuri Melnyk, who affirms our organization's dedication to these principles.

We look forward to being a part of this global movement towards a more sustainable and responsible world.

Sincerely yours,

Yuri Melnyk  
Chairman of the Board
