Dear Secretary-General,

I am pleased to confirm that ENNOVI Holdings Pte. Ltd. supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. ENNOVI Holdings Pte. Ltd. will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and *annually* thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Mr. Stefan Rustler  
Chief Executive Officer

## Interplex Announces Launch of ENNOVI, a Mobility Electrification Company

Dear valued business partner,

We are thrilled to introduce ENNOVI.

Interplex, a Blackstone portfolio company, is announcing the strategic launch of ENNOVI, a new mobility electrification solutions company designing and manufacturing innovative interconnect solutions for battery, power and signal systems for the next generation of electric vehicles. As a standalone company, ENNOVI will fully focus on automotive electrification solutions. We have carved out our best Mobility talent, plants and innovation centers to create a fully dedicated electrification solutions company.

ENNOVI's mission is to support leading companies in the Automotive industry to reach the electric future faster, from anywhere in the world.

We continue to build on our strengths from design to manufacturing, and end-to-end competencies across mechanical and electrical interconnect integrations by introducing innovation across an expanded electric drivetrain product portfolio to help companies in the EV industry to design and manufacture faster.

With more than 50 electrification dedicated product engineers and 250 manufacturing engineers at 15 manufacturing sites and 4 R&D locations in China, Europe, India, and North America, ENNOVI is fully empowered with its global structure and regional cross-functional teams to deliver customers at speed.

On October 2<sup>nd</sup>, Interplex Holdings Pte. Ltd. will change to ENNOVI Holdings Pte. Ltd. Business registration number and TAX ID number will remain the same. In conjunction with the name change of the Holding company, certain subsidiaries of the group will follow suit and adopt a similar change in name in due course. Unless otherwise notified, please continue to use the name of the company you are currently transacting with until further notice. Our headquarters will remain same with its mailing address, telephone and fax numbers in Singapore.

Your sales representative will reach out to you to answer any questions you may have.

We thank you for the great support which you have given to us in the past and do look forward to your continued partnership with us in the coming years.

Yours sincerely,

Stefan Rustler  
CEO ENNOVI
