Dear Mr. Secretary-General,

I am pleased to confirm that Asure Group Pte Ltd supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment we express our intent to support the Global Compact to advance these principles and will make a clear statement of this commitment to our stakeholders and the public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: being an active member to the Global Compact Network Singapore (GCNS); participating in GCNS's annual business association forum; promoting industry best practices; and collaborating on joint efforts to continue raising awareness and engagement on issues around sustainability.

We recognise that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organisation's efforts to support the implementation of the ten principles and engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Thank you.

Sincerely yours,
