BOBST GROUP SA ADHESION TO UNITED NATION GLOBAL COMPACT

Dear Secretary-General,

I am pleased to confirm that Bobst Group SA supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption.

With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture, and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Bobst Group SA will make a clear statement of this commitment to its stakeholders and the public.

We adapted the UN development goals in our ESG report since years, and now we officially announce our participation in the UN Global Compact and the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement and contribute to the Ten Principles. We support public accountability and transparency, and therefore, commit to report on progress starting 2025 the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy.

This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture, and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

We are confident that our strong engagement in sustainability, in line with the core principles of the United Nations Global Compact, will be a valuable addition to the UNGC community. We look forward to working closely with you and your team to support and advance the UNGC's mission.

Thank you for considering our application, and we eagerly await your confirmation of our membership to the United Nations Global Compact. Should you require any further information or clarification, please do not hesitate to contact Sylvain Lieb, Head of Corporate Sustainability.
Sincerely yours

Bobst Group SA
