Subject: Commitment to the UN Global Compact and Submission of Communication on Progress (COP)

Dear H.E. António Guterres

I am writing on behalf of BM Silo to formally express our commitment to the principles outlined in the United Nations Global Compact (UNGC). We recognize the importance of aligning our business practices with the Ten Principles of the UNGC, which cover human rights, labor, environment, and anti-corruption.

Our commitment extends beyond mere acknowledgment; we are dedicated to taking concrete actions in support of the Sustainable Development Goals (SDGs). Understanding the significance of these goals in fostering a sustainable and inclusive global economy, we pledge to integrate them into our business strategies and operations.

As part of our commitment to transparency and accountability, BM Silo is committed to the annual submission of the Communication on Progress (COP) to the United Nations Global Compact. This submission will include two essential elements:

A signed statement by our Chief Executive Officer, affirming our continued support for the UN Global Compact and its principles. This statement reflects our dedication to upholding the highest standards of corporate responsibility and ethical business practices.

The completion of the online questionnaire of the Communication on Progress. This comprehensive document will outline the progress we have made in implementing the Ten Principles of the UNGC and advancing the SDGs within our organization.

We understand that effective collaboration and shared responsibility are key to achieving sustainable development globally. By actively participating in the UN Global Compact and fulfilling the annual COP requirements, we aim to contribute meaningfully to the collective efforts toward a more just, equitable, and sustainable world.

We appreciate the opportunity to be part of this global initiative and look forward to making a positive impact through our continued commitment and actions.

Sincerely,

X
