Dear Mr. Secretary General,

UN Global Compact

I am pleased to confirm that WWF-UK supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption.

We pledge to participate in and engage with the UN Global Compact by implementing partnerships aimed at improving corporate sustainability activities and reporting on progress to meet their targets. We will continue to conduct research and provide thought leadership to advance best practices in sustainability.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Yours sincerely,

Tanya Steele
Chief Executive
