Dear Secretary-General,

I am pleased to confirm that Eurobank Bulgaria supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. We have been a member of the Bulgarian Network since 2008. With this communication, we express our continued commitment to making the UN Global Compact and its principles part of our strategy, culture and day-to-day operations, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

Eurobank Bulgaria has been a member of the a United Nations Environmental Program – Finance Initiative (UNEP FI) since 2013 and a signatory of the Principles for Responsible Banking since 2020. This reflects our clear commitment to advance sustainability by taking into consideration the important social aspects of our operations and by applying best governance practices. We have been a leader in sustainable finance in Bulgaria for the past decade and we intend to maintain this position by developing further our policies on sustainability and translating them into actions to support our clients and stakeholders.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles.

Even though we have allowed non-communication, we support public accountability and transparency. Our commitment to the Principles is as strong as ever. We are engaged in projects aimed at advancing the sustainable development goals of the UN. Our business strategy and day-to-day operations reflect our belief that all our activities must have a positive impact on the environment and society.

We commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Petia Dimitrova, CEO and Chairperson of the Management Board
