Dear Secretary-General,

Hereby I'd like to confirm that Telelink Business Services supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption. Our commitment is to make the UN Global Compact and its principles part of the strategy, culture and daily operations of our company, and to engage in collaborative projects that advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Telelink Business Services will make a clear statement of this commitment to both our stakeholders and the public. We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy.

This includes:

- A statement signed by our CEO expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its Principles, a separate document from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we'll disclose Telelink Business Services' continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,
