USA

Dear Secretary- General,

I am pleased to confirm that Ella Resorts are committed to align its operations with the ten principles of the United Nations Global Compact, contributing to a more sustainable and equitable world. We are committed and dedicated to upholding human rights, promoting fair labor practices, protecting the environment, and combatting corruption in all aspects of our business.

We are eager to make the UN Global Compact and its principles part of our company's strategy, culture and day to day operations. Furthermore, Ella Resorts is committed to regularly reporting on our progress in implementing the UN Global Compact principles and sharing our sustainability initiatives with our stakeholders, including employees, customers, suppliers, and the local community. We are excited to be a part of this global movement towards responsible business practices for creating a positive change.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication in Progress (COP). This will include a statement by the CEO expressing continued support for the UN Global Compact and renewing our ongoing commitment to its principles. By submitting our annual COP, we demonstrate our commitment to transparency, accountability, and continuous improvement in our efforts to advance the sustainability goals of the UN Global Compact.

Furthermore, we will complete the online questionnaire of the Communication on Progress through which we will provide detailed information on how we are integrating the ten principles into our business practices, contributing to the achievement of these goals and particularly the Sustainable Development Goals, through our daily operations and initiatives.

Ella Resorts is committed to upholding the highest standards of corporate responsibility and sustainability, and we believe that our participation in the UN Global Compact will

help us to continually improve and innovate in these areas. We look forward to sharing our progress and playing an active role in the Global Compact network.

Sincerely yours,

George Stamatiou
