March 28, 2024

Dear Mr. Secretary General,

I am pleased to confirm that **the Mountain Institute for Education & Development (MIED) Pakistan** supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

1. Engage in Local Networks
2. Align our business with SDGs
3. Care for Climate
4. Participating in Global Compact Network
5. Promoting and incorporating accountability measures to report on progress made towards implementing the SDGs within companies
6. Participating in anticorruption call to action
7. Promote access to quality education for marginalized children especial girls

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Abdul Jahan, Chief Executive MIED Pakistan
