Dear Secretary-General,

I am pleased to confirm that Union Financiar Tirane supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption. With this communication, we express our commitment to making UN Global Compact and its principles part of our strategy, culture, and daily operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Union Financiar Tirane will make a clear statement of this commitment to our stakeholders and the public.

Our company has been part of the UN Global Compact in the past but was delisted due to lack of reporting. There have been some changes in our administration since then.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report annually on progress according to the UN Global Compact CoP policy, including:

- A statement signed by the administrator expressing our continuous support for the UN Global Compact and renewing our ongoing commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our efforts to integrate the Ten Principles in our business strategy, daily operations, and company culture, thus contributing to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Elton ÇOLLAKU
General Director
