### Letter Of Commitment

Dear Sir/Madam,

We, Rajasthan Samgrah Kalyan Sansthan write to express our recommitment to the principles and goals of the United Nations Global Compact. We deeply regret our failure to submit our updated Communication on Progress (COP) in last year, which was a result of an oversight during a transition of staff responsibilities within the concerned department. We have taken corrective measures to ensure that such oversights do not recur, including incorporating COP submission as a standard procedure in our staff handover process.

Our organization has been dedicated to upholding the principles of the UN Global Compact since our inception. We operate in challenging environments in Rajasthan, India, where our commitment to Women Empowerment, Sustainable Livelihood, Girls Education, Gender Equality, Child Rights & Welfare, Agriculture, Environmental and Water issues for the Marginalized & deprived sections of the community is paramount. Despite the challenges, we have consistently made significant progress in these areas.

Internally, we have conducted a comprehensive review of our policies and procedures, ensuring alignment with current best practices. We remain steadfast in our commitment to advance the principles of the Global Compact within our sphere of influence. Integrating these principles into our strategy, culture, and daily operations is fundamental to our organizational ethos. Additionally, we are eager to engage in collaborative projects that contribute to the broader development goals of the United Nations, including the Millennium Development Goals.

In line with our commitment to transparency and accountability, we pledge to report on our progress annually, ensuring that our stakeholders are informed of our efforts and achievements. We sincerely apologize for the oversight in submitting our COP and assure you of our unwavering dedication to the principles and goals of the UN Global Compact.

Yours sincerely,

Reg. Office: 5-C Ehsas, Chandra Wardai Nagar, Ajmer - 305001
