Dear Secretary-General,

I am pleased to confirm that CBG Konsult & Information AB supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption.

In February 2010, CBG Konsult & Information AB formally joined the United Nations Global Compact, demonstrating our organization's dedication to upholding the highest standards of corporate social responsibility. Unfortunately, due to unforeseen circumstances, including key personnel changes, we were subsequently delisted from the initiative in 2015. However, over the past few years, we have undertaken a comprehensive review and refinement of our CSR strategy. With this communication, we proudly reaffirm our commitment to the principles of the United Nations Global Compact and look forward to actively contributing to its mission again. CBG Konsult & Information AB will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and *annually* thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Jens Åström
