Subject: Letter of Commitment to the UN Global Compact

I am pleased to confirm that Immerse Learning Limited supports the ten principles of the United Nations Global Compact with respect to human rights, labor, environment, and anti-corruption. With this communication, we express our intent to advance these principles within our sphere of influence and commit to making the Global Compact and its principles part of the strategy, culture, and day-to-day operations of our company. We also commit to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

Immerse Learning Limited will make a clear statement of this commitment to our stakeholders and the general public. We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and will report on progress within one year of joining the Global Compact, and annually thereafter according to the UN Global Compact COP policy.

We understand that the UN Global Compact is a voluntary initiative, and we are committed to upholding the fundamental principles as articulated in the ten principles, and actively taking measures to ensure our business practices are aligned with these principles.

Please find enclosed the completed application form for joining the UN Global Compact.

Sincerely,

Tom Symonds
