Letter of Commitment

Date: 24th June 2024

To: Mr. H.E. António Guterres
Secretary-General
United Nations
New York, NY 10017, USA

Dear Mr. Secretary-General,

I represent Tiller, an IT-enabled consultancy firm founded in 2009, specializing in advanced geo-spatial technologies. Our services address critical issues across various sectors including Urban Development, Transport, WASH, Hydrology, Geology, Information Technology, Disaster & Climate Change, Agriculture & Rural Development, Environment & Natural Resources, and Energy and Power.

Tiller fully supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption. We intend to integrate these principles into our strategy, culture, and operations, and engage in projects advancing the Sustainable Development Goals. Tiller will publicly affirm this commitment to our stakeholders.

We acknowledge the requirement to submit an annual Communication on Progress detailing our efforts to implement the Ten Principles. We are committed to transparency and accountability, and will report on our progress annually.

Sincerely,

Tamzidul Islam,
Founder & CEO
Tiller
