Dear Mr. Secretary-General,

I am pleased to affirm our commitment to the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. Through this communication and the statement of our action plan, we will demonstrate the progress we have made along these principles within our sphere of influence.

We are committed to making the Global Compact and its principles part of strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects, which advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

We support public accountability and transparency, and therefore commit to report again next year according to the Global Compact COP policy.

Sincerely yours,

刘新江
