Dear Mr. Secretary-General,

Recommitment for participation in Global Compact

I am writing to express my sincerest apologies for the failure to submit the Communication on Progress (COP) within due time. To be honest, I have tried many times to submit our COP at the website as instructed but it does not work. The button to proceed with the uploading was in grey form with a "Please wait" status which was like freezing the page forever. Besides, I have tried to seek for help but I do not receive any feedback to solve the problem so far. On the other hand, I have enclosed herewith the COP and evidence in the mail for your reference. I sincere hope that our account can be reactive and the request for recommitment in participating Global Compact will be considered.

I am pleased to confirm that Multi Net Resources Sdn Bhd supports the ten principles of the Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. Multi Net Resources Sdn Bhd will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,

Mr Tee Iian Phing
