Dear Mr. Secretary-General,

I am pleased to confirm that SOGEOSA SOCIEDAD GENERAL DE OBRAS, S.A supports in full the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption policies.

With this communication, we express our dedication to these principles and our intention to ensure that they are maintained within our sphere of influence. We are committed to making the Global Compact part of our strategy and culture and ensure that it is followed in the day-to-day operations of our company. We will also engage in collaborative projects, aiming to advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

SOGEOSA SOCIEDAD GENERAL DE OBRAS, S.A will also make a clear statement of this commitment to our stakeholders and the general public.

The in-depth reorganization of the company in recent years has made it difficult to submit the Communication on Progress as we had intended. Now that the difficulties that prevented us from implementing this requirement have been overcome, SOGEOSA SOCIEDAD GENERAL DE OBRAS, S.A commits itself to support public accountability and transparency and to report on progress within one year of joining the Global Compact, on a yearly basis thereafter, in accordance with Global Compact COP policy, recognizing that a key requirement for being part of the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles and, therefore, we hereby

Sincerely yours,

Mr Luis García García
CEO
