Dear Mr. Secretary General,

I am pleased to confirm that Foreign Trade University supports the ten principles of the UN Global Compact with regard to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- Conduct applied research and thought leadership to advance best practices.
- Promote the UN Global Compact Ten Principles and educate a variety of audiences about sustainability.
- Support UN Global Compact business participants in implementing and reporting on their sustainability efforts.

We recognize that a key requirement for participation in the Global Compact is the submission of our Communication of Engagement that describes our efforts to support the implementation of ten principles and to engage with the Global Compact. We support accountability and transparency, and therefore submit Communication of Progress every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
