To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report mainly due to our reporting cycles. Since the Fukushima nuclear power plant incident in 2011, our company had gone through a major surgery ourselves, and in doing so, much of work related chances took place which effected our reporting cycles as well.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 21 November 2014 at the latest.

Sincerely yours,

*Hyung-Goo, Lee*

*General Manager, Planning Dept., KHNP*
