Longvic, September 1st 2014

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to changes in personnel during the previous year. Indeed the former QHSE manager left the firm and we had to hire a new manager. We also experienced a increase in our business due to new clients and we had to focus on the development of the customer relationship.

We hereby ask for an extension period to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new cop report will be posted on the UN Global Compact website by November 30th 2014 at the latest.

Sincerely yours,

MR. LOURENCO

QHSE Assistant
